JOB DESCRIPTION

Job Title - ACCOUNT MANAGER – TELCOS (Telecommunications Sector)

Job Summary:

As an Account Manager in FPG's Sales function, you are responsible for selling FPG's Solutions and Services to new and existing FPG customers, as well as maintaining positive on-going relationships to meet evolving customer needs. Your overall focus areas will be in prospecting, developing business, responding to RFP's, developing proposals & presentations to customers, and selling Solutions and Services. Cross-functional teams from FPG's Marketing, Solutions/Technical teams and Operations functions provide support and tools for you to leverage to attain and exceed sales performance goals. You will utilize your excellent relationship building, negotiating, and technical skills to be successful in this role.

Essential Function:

The essential responsibilities of the Sales Account Manager is to work directly with customers to capture sales opportunities and to work effectively across functions with other FPG employees towards successful closure of deals. Specific areas of responsibility that you will be responsible for include:

Specific Functions:

Specific areas of responsibility that you will be responsible for include but are not limited to the following:

- Sell FPG solutions in all accounts assigned.
- Achieve assigned quarterly/annual sales revenue target.
- Acquire new accounts and discover new opportunities in both old and new accounts.
- Develop and recommend sales and marketing strategies to keep FPG competitive and innovative.
- Develop an account management plan to sell to customer based on their business need.
- Build and strengthen your business relationship with customers within existing accounts and ensure that their needs are being met.
- Provide status information to your Manager including forecast/pipeline information.
- Seeking out major clients and forming working relationships with the buyers in the industry.
- Forecasting future sales and forming sales plans to adapt to constant shifts in the marketplace.
- Foreseeing and avoiding stagnation in the marketplace.
- Understand our markets, the customer journey and the competitive landscape.
- Articulate the messaging of our brand and manage communications with our customers.
- Initiate and build relationships with high net-worth customers for the purpose of delivering on our organizational goals.
- Build relationships with influencers as partners and ambassadors for the promotion of our products.
